SUMMARY

UX/product designer combining user research, UI design, and AI-assisted coding to build high-fidelity consumer app prototypes. Experience includes Snapchat local services and a deployed AI assistant.

EDUCATION

Santa Monica College - Santa Monica, CA Expected June 2027
Bachelor of Science (B.S.) in Interaction Design
Google UX Design Certificate, Coursera 2025

PROFESSIONAL EXPERIENCE

Snap Inc. | Snap Design Academy - Los Angeles, CA
Design Scholar (Contract) Jun - Aug 2026

- Led UX for Resources, a Snapchat local-support concept, partnering with engineering and marketing to take an open prompt to a functional prototype in 3 weeks.
- Conducted 2 rounds of partner research and feedback with SPY and St. Joseph Center; combined findings with usability testing to refine hierarchy, privacy, and service handoffs.
- Created UI components for Resources across Snap Map, Search, Spotlight, and sharing; presented the prototype and design decisions to 300+ Snap employees.

Plataforma Impact - Mexico City, Mexico (Remote)
UX Intern Mar 2021 - Jan 2022

- Created website layouts and UI for a B2B specialty coffee brand in Figma and implemented front-end updates, refining the work with senior designers on a remote team.

SELECTED DESIGN PROJECTS

Pantri | Grocery Planning App Spring 2026

- Used AI-assisted coding to translate Figma designs into a high-fidelity React prototype, implementing the full consumer app journey from onboarding and pantry tracking to meal planning and completion.
- Interviewed 13 grocery shoppers in-store to shape the core flow around budgeting, produce selection, substitutions, and changing shopping routines.
- Prototyped meal-plan micro-interactions and recovery paths for substitutions, quantity changes, and skipped meals, allowing users to adjust the weekly plan without restarting; used simulated data.

Nibble | AI Portfolio Assistant Summer 2026

- Launched an AI portfolio assistant with conversational routing and contextual case-study links; handled 250+ visitor questions in its first four weeks.
- Developed context selection and response states to guide visitors to relevant projects; Vercel reporting showed project views per visit rising from 1.6 to 2.3 in the first four weeks after launch.

VOLUNTEER EXPERIENCE

Blocal - Los Angeles, CA Aug 2026 - Present
UX Designer (Volunteer)

- Designing and building the website for Blocal, a Los Angeles organization.

SKILLS

Design: End-to-end product design, interaction and UI design, high-fidelity prototyping, UI components, user flows, wireframing, information architecture, accessibility

Research: User interviews, usability testing, field research, research synthesis

Development: AI-assisted coding (vibe coding), React, JavaScript, HTML/CSS

Tools: Figma, Claude Code, Adobe Illustrator, Photoshop, InDesign
